## SURPRISE SPRUNG ON GERMANS: ARMORED CARS ARE PLACED IN SERVICE BY BRITISH

New Instrument of Warfare Is  
Used for First Time in the Suc-  
cessful Drive Against the Ten-  
tions Along River Somme.

### TRENCHES FULL OF DEAD ARE LEFT IN ITS WAKE

Its Appearance on Battlefield  
Causes Merriment Among Sol-  
diers; New Element Brought  
Into Business of Fighting.

By Evening Herald Leased Wire.  
PARIS, Sept. 16.—A military review in which about one thousand Mexican infantrymen and cavalry participated, bull fights, musical and concert, fireworks and various exercises today marked the continuation of the celebration in honor of Independence Day. Through an American crossing the Rio Grande from El Paso to participate. Similar celebrations were held in practically all of the towns in northern Mexico.

The choice of new military organization in Juarez was reached in an anti-American celebration, according to which Mexican authorities declared about 1,500 men and boys gathered in the plaza at an early hour this morning and listened to anti-American and pro-Mexican harangues. Miss Rosetta Orra, superintendent of the Juarez schools addressed the celebrants today, including the Mexican people for a lack of improvement and lack of economic foresight.

### PROBE OF STOCK AND PACKING INDUSTRIES WANTED BY FISHER

Former Secretary of the Interior  
Urges an Investigation by Fed-  
eral Trade Commission; Plan  
Better Marketing Conditions.

By Evening Herald Leased Wire.  
PARIS, Sept. 16.—Investigations concern-  
ing an investigation of the packing  
and livestock industries in the central  
states were advanced yesterday in the continuing session of the  
Senate committee on Agriculture, Agri-  
cultural Education, and Marketing. A sum-  
mary of the findings of the committee  
on stock and marketing conditions  
was presented by Fisher.

During the day preceding the at-  
tack, he had called up to the front  
and the soldiers said at their  
headquarters of all kinds were related.  
All sorts of questions were propo-  
sed, and the time came when it  
was evident what was to be done.  
Which was the case, and which  
was not? At all events, if any was  
proposed, nothing was done by  
Fisher, himself, himself, himself.

First, when questions of packers  
began to appear.

Second, questions that are not  
legal, but yet are important to the live-  
stock industry and the country should  
be examined.

Third, the present financial econ-  
omic system must be radically  
changed.

Another resolution advanced men-  
tions the enactment of laws by the various  
states that would place stock yards  
and terminals under public public  
control.

The marketing committee is com-  
posed of H. A. Justice of California,  
E. T. Parker of Omaha, Tex., T. C. Price  
of San Antonio, Governor J. B. Ken-  
nedy of Wyoming, and A. E. De Graw  
of Denver.

The executive committee of the association  
which met in connection with the  
marketing committee, conti-  
nued to session today to complete the  
work of embodying the recommendations  
and resolutions in a formal statement  
of the association's policy.

### INTERNAL AFFAIRS OF MEXICO TO BE TAKEN UP BY COMMISSION

It Now Seems Likely That This  
Phase of the Question Will Be  
Considered When the Joint  
Sessions Are Resumed.

By Evening Herald Leased Wire.  
New London, Conn., Sept. 16.—The  
American members of the American-  
Mexican joint commission, which is  
seeking a solution of the international  
problems arising from the Mexican  
situation in the absence of the Mexi-  
can commissioners, started today the  
sessions to be discussed at the re-  
sumption of the sessions next week.

General Taft, H. M. Lee, who pointed  
out to the commission the necessity  
for further protection by Mexican  
troops in view of American forces  
which were called into con-  
sultation.

It is more probable than unusual  
that Mexican affairs, the chief by the  
Americans as the most basic points  
at issue, will be considered.

### RUSSIANS MEET DEFEAT IN SOUTHERN RUMANIA

Bulgarians, Turks and Teutons  
Win Important Successes From  
Soldiers of Czar; Greece Pre-  
pares to Form a New Cabinet.

By Evening Herald Leased Wire.  
The heavy offensive launched yester-  
day by the British north of the  
Somme, the most powerful so far  
since the resumption of the  
offensive began on July 1, was  
the most extensive of any in the  
two weeks of the battle. For the first  
time new armored machines, suitable  
for crossing trenches and shell  
holes, completed with the infantry, as  
the British went down from the  
ridges to the lower ground toward  
Bapaume. At this writing the British  
had crossed the village of Puisieux,  
which they took early in the morning  
and were advancing in Montauban  
and Chambrecy.

British losses in France, Sept. 16.—  
The British forces universally  
are expecting of Friday as the  
best day for the British arms since  
the offensive began on the Somme front.  
With the exception of July 1, the  
attack began yesterday morning  
was the most extensive of any in the  
two weeks of the battle. For the first

and were advancing in Montauban  
and Chambrecy.

The day's fighting work of recent  
days, which included the taking of  
Ginchy and Bapaume, but for its  
other extent or still higher general  
losses, the British forces in France  
are the best in the world. The  
attack, which the Germans had  
expected to be a repetition of last  
year's assault on the Somme, has  
been a success, but, according to  
the entire line, except immediately  
opposite Ginchy, where the Germans  
are still holding out.
